

Volunteers Needed for Community Service

The Lancaster Recycling Center is a non-profit volunteer operation that provides recycling services to local communities, including

Lancaster, Bolton, Stow, Clinton, Harvard, and others. The center is open on Saturdays and Sundays from 10 AM until noon (weather permitting)

and is located at the Lancaster Department of Public Works facility on Center Bridge Road. The Recycling Center is looking for volunteers who can help on either Saturday or Sunday during its hours of operation.

Recycled materials include paper, cardboard, glass bottles, plastic containers, metals, electronics (televisions, radios, computers, etc.), appliances, batteries, tires, grass clippings, and other items. Volunteers answer questions, help patrons carry their recyclable materials, and provide other assistance.

The people you meet at the Recycling Center are interested in the environment and helping their communities. They're friendly and have a wide range of interests. Volunteers occasionally find exercise equipment, bicycles, and even antiques as an unexpected benefit of volunteering.

If you are interested in volunteering at the Recycling Center, please contact Larry Shoer at 978-368-3481 or via e-mail at LarryShoer@comcast.net.
