Key Data from corresponding District Summary Information Spreadsheet

Complete the Smart Growth / Starter Home Residential Density Plan/Map and Density Data Spreadsheet prior to completing this application form and before completing the accompanying District Summary Information Spreadsheet, certain cells of which will automatically populate based on information from the Density Data Spreadsheet. It is highly recommended that the municipality submit a draft Smart Growth / Starter Home Residential Density Plan/Map to DHCD for informal review and feedback prior to submission of a formal application, particularly if the Developable Land within the proposed District includes land identified as Underutilized Land. Capitalized terms used but not defined in this document have the meaning set forth in the Density Data Spreadsheet and/or 760 CMR 59.02. Where other capitalized terms first appear, there is generally a corresponding hyperlink to the definitions section in the last portion of this document. Pressing the "Ctrl" key and clicking on the back arrow symbol [↩] that appears after the linked definition will bring you back to the corresponding reference in the application form.

Type of Eligible Location (1.B, 1C, 1E or 1F): _____1C_____

Estimated # of Incentive Units: 674

Estimated Zoning Incentive Payment: \$600,000

40R District Application – Preliminary Determination of Eligibility

1. ELIGIBLE LOCATION

1.A Locator Map(s). Attach the Locator Map(s) of the proposed District, identifying the corresponding [Eligible Location](#), proposed District, and any other portions or features of the surrounding area or Municipality that may be relevant to the category of Eligible Location and type of 40R District. For applications seeking qualification as an Eligible Location under the [Area of Concentrated Development](#) (ACD) category, the Locator Map(s) should illustrate that at least 51% of the proposed ACD is Substantially Developed Land or Underutilized Land. See corresponding definitions at the end of this document or in the Density Data Spreadsheet and/or consult DHCD).

The purpose of the Locator Map(s) is to support the Department's finding that the District is located in an Eligible Location. As such, collectively, the Locator Map(s) should include all information necessary to illustrate that the proposed District qualifies as an Eligible Location.

For example, the Locator Map(s) for Districts intended to qualify as all or part of a [Substantial Transit Access Area](#) (STAA), must, at a minimum, clearly show that, with the exception of any qualifying [Adjacent Area](#), at least a portion of all parcels within the proposed Smart Growth or Starter Home District are within a ½ mile or 1 mile distance, respectively, from the applicable transit facility (where further seeking qualification of an Adjacent Area(s), these distances may be extended up to an additional ½ mile, subject to applicable [Infrastructure](#) and [Pedestrian Access](#) requirements).

For Districts to qualify as within an Area of Concentrated Development (ACD), including an Existing Rural Village District (ERVD), the Locator Map(s) must clearly show the boundaries of both the proposed District and the boundaries of the applicable ACD/ERVD (i.e., area that includes the corresponding city or town center, other existing commercial district).

In addition, for Districts in certain areas to qualify under the Other Highly Suitable category, the Locator Map(s) may need to further demonstrate that such proposed Districts cannot otherwise qualify under the STAA or ACD Eligible Location categories. Consult DHCD's program staff for any questions on how to prepare the Locator Map(s)).

1.B Substantial Transit Access Area. If the District is near to a transit station, identify the station:_____.

1.C(i) City / Town Center or Existing Commercial District. If the municipality is seeking eligibility of the District as located within an Area of Concentrated Development that does not qualify as an existing rural village district (see below), is the ACD currently served (yes ____ no X__) or scheduled to be served within five

40R District Application – Preliminary Determination of Eligibility

years of the application (yes ☒ no ☐) by public sewer(s) and/or private sewage treatment plant(s)?

If the ACD is scheduled to be served by public sewer(s) and/or private sewage treatment plant(s), provide documentation in Attachment 7-1. Note that for Starter Home Zoning Districts, the District itself need not be served or scheduled to be served by public sewer(s) and/or private sewage treatment plant(s), so long as the associated ACD is so served or scheduled to be served (unless otherwise qualified as an existing rural village district).

Briefly describe/summarize the primary current use and zoning (*consistent with the Underlying Zoning, see Attachments 2-1 & 2-2*) of land and buildings in both the ACD and the proposed District: The Underlying Zoning in the proposed North Lancaster SGOD is categorized as Enterprise District, EZ-A Retail Sub-District, and Integrated Planning Overlay District (IPOD). The Enterprise District only allows residential development of a senior living facility and commercial retail, service, and office uses, as well as some industrial uses with a special permit. The IPOD allows residential dwellings at a maximum of 15 units per acre and commercial uses, but also requires 10 acres minimum per project. There are currently no residential uses in the proposed SGOD. Current uses in the proposed District are commercial in nature, with a coffee shop, gas station, soccer fields, and storage of trucking containers and storage pods. All of the parcels have been cleared and are previously disturbed.

(note: see corresponding regulatory definition of ACD which must include a city or town center or other contiguous, previously developed portions of an existing commercial district where such portions are substantial in the context of the Municipality.)

Is the District within land designated as a commercial center under M.G.L. c.40, § 60 (yes ☐ no ☒)?

If yes, attach a copy of the designation document from DHCD as Attachment 1-2.

1.C(ii) Existing Rural Village District. If the District comprises part or all of what would otherwise qualify an ACD, but the area is not served or scheduled to be served within five years of the application by public sewer(s) and/or private sewage treatment plant(s), does the area include the Municipality's principal road intersection or other civic center point of the Municipality, preliminarily approved by DHCD (yes ☐ no ☐)?

Does it contain two or more of a town hall, post office, public library, public school, or public safety facility (yes ☐ no ☐)?

If yes, identify the facilities that it contains:_____.

Does it contain an existing village retail district (yes ☐ no ☐)?

If yes, briefly describe its characteristics:_____.

40R District Application – Preliminary Determination of Eligibility

1.D Adjacent Areas. For Districts proposed as comprising part of all of the land within a STAA or ACD, does the District contain an Adjacent Area (yes ___ no X)? *(note: Adjacent Areas are not applicable to Districts qualifying as Eligible Locations under 1.E or 1.F)*

If yes, identify in detail, as part of the Locator Map(s) requirement, and briefly describe the Pedestrian Access:

Is the Adjacent Area currently served (yes ___ no ___) or planned to be served within five years of the application (yes ___ no ___) by the Infrastructure necessary to support the units that will be allowed under the SGZ or SHZ (note: for SHZDs this need not include public sewer(s) and/or private sewage treatment plant(s))?

If the Adjacent Area is scheduled to be served by any applicable Infrastructure that does not currently exist, provide documentation in Attachment 7-1.

1.E Starter Homes (additional Eligible Location). For a proposed SHZD, if the location of the proposed SHZD is not otherwise eligible as a [Highly Suitable Location](#):

- Is the associated land nonetheless zoned for residential use (yes___ no___);
- Is there Pedestrian Access for a distance of no more than $\frac{3}{4}$ mile from proposed SHZD to a [Pedestrian Destination](#) (yes___ no___);
- Does the Starter Home Zoning incorporate [Cluster Zoning](#) (yes___ no___) so as to permit [Cluster Development](#); and
- Does the SHZ require all development to utilize [Low Impact Development Techniques](#) and include features that encourage walking within Starter Home [Projects](#) and the SHZD as a whole (yes___ no___).

1.F Other Highly Suitable Location (OHSL). Has the District been identified as an appropriate locus for high-density housing or mixed-use development in a state or regional plan document (yes ___ no X)?

If yes, attach a copy of the plan as Attachment 1-3 and identify and describe briefly the section(s): _____.

Further describe how the proposed District qualifies as an OHSL in relation to the various criteria and factors specified in sub-sections (a)4., b. through e. and (b) 1. through 4. under 760 CMR 59.02 Highly Suitable Location and, as applicable, any other factors that the municipality believes support the case that residential or [Mixed-use Development](#) in the area of the proposed District would nonetheless promote [Smart Growth](#) consistent with the statutory goals for Smart Growth set forth in M.G.L. c.40R §1. Provide as a statement to be attached as Attachment 1-5): _____

2. UNDERLYING ZONING

40R District Application – Preliminary Determination of Eligibility

2.A Underlying Zoning. Attach a copy of the text and map(s) as Attachments 2-1 and 2-2, respectively. The Underlying Zoning must be certified by the municipal clerk and the municipal clerk must also certify that such zoning was in effect one year prior to the application date. The Underlying Zoning provides the basis for determining the existing As-of-right residential densities and units that must be provided in the Density Data Spreadsheet.

3. SMART GROWTH RESIDENTIAL DENSITY PLAN/MAP(S) & DENSITY DATA SPREADSHEET

3.A Smart Growth Residential Density Plan/Map(s). Attach the Smart Growth Residential Density Plan/Map(s) of the District as Attachment 3-1. The purpose of the Plan is to provide a summary illustration of the number of Existing Zoned, Future Zoned and Incentive/estimated Bonus Units on a parcel-by-parcel basis on the Developable Land / Underutilized Land and, as applicable, Substantially Developed Land, throughout the proposed District. The land plan/map should distinguish between parcels (or portions thereof) qualifying as Developable/ Underutilized Land and land that is considered Substantially Developed Land as defined in the regulations. If impractical, it is not necessary to include the corresponding unit numbers on the land plan/map, so long as individual parcels are uniquely identified and correspond to the parcel information provided in the Density Data Spreadsheet. Depending upon the scale and complexity of the proposed District, conveying this information clearly may involve more than one land plan/map. Attach the Smart Growth Residential Density Plan/Map(s) as Attachment 3-1. For Smart Growth Zoning District applications seeking qualification as an Eligible Location under the Area of Concentrated Development category, the Smart Growth Residential Density Plan/Map should illustrate that at least 51% of the proposed District is Substantially Developed Land or Underutilized Land.

3.B Density Data Spreadsheet. Attach the Density Data and District Summary Information Spreadsheets as Attachments 3-2 and 3-3.

The purpose of these spreadsheets is to calculate and document the number of Future Zoned and Incentive Units. These spreadsheets will also be used to estimate the number of potential Bonus Units as well as the amount of the Zoning Incentive Payment.

4. SMART GROWTH/STARTER HOME ZONING, DESIGN STANDARDS & ADDITIONAL MUNICIPAL STANDARDS

4.A Smart Growth / Starter Home Zoning. Attach a copy of the text and map(s) for the Smart Growth Zoning applicable to the District as Attachments 4-1 and 4-2. **The copy of the proposed SGZ text should be provided as an MS Word file with all changes to the most recent SGZ/SHZ template red-lined / made visible with track changes.**

40R District Application – Preliminary Determination of Eligibility

4.B Mixed-use Development. Does the Smart Growth / Starter Home Zoning allow Mixed-Use Development Projects As-of-right (yes ☒ no ☐)?
If yes, what is the minimum portion of such Mixed-use Development Projects that must be devoted to residential uses: 51%? (this percentage must be used to calculate the minimum number of residential units that would be developed on parcels that will allow Mixed-use Development. If the proposed SGZ/SHZ will allow non-residential use outside of such Mixed-use Developments, the SGZ/SHZ must establish an overall minimum of the estimated developable square footage that will be devoted to residential use and overall maximum cap on developable square footage that can be devoted to non-residential use in order to calculate the number of Incentive Units which will be based on the minimum share of the developable square footage that must be devoted to residential use.)

4.C Substantially Developed Sub-districts. Does the Smart Growth / Starter Home Zoning contain any Substantially Developed sub-district(s) within the District where maximum As-of-right residential densities differ from those applicable to the Developable Land sub-district(s) (yes ☐ no ☒)?
If yes, state the maximum As-of-right residential densities within such sub-district(s): units/acre.

Identify the provisions of the Smart Growth / Starter Home Zoning that ensure the construction of infill housing on existing residential vacant lots: NA.

For SGZDs, identify the provisions of the SGZ that permit additional housing units in existing residential buildings and permit additional housing units for additions or replacement of such buildings: NA.

4.D Affordability - Project requirements For SGZDs only, does the SGZ establish a project-size threshold (e.g., 13 units) for Projects that are subject to the SGZ Affordability requirement (yes ☒ no ☐)?
If yes, what is that unit # threshold (cannot exceed 13) and identify the section of the SGZ containing that requirement: **13 units; §220-8.9E.(1).** (the SGZ can only exempt Projects of 12 or fewer units from the Affordability requirements)

For SGZD only, does the SGZ contain provisions to ensure that Projects are not segmented to evade the size threshold for Affordability (yes ☐ no ☐)?
If yes, identify the section of the SGZ containing such provision: **§220-8.9E.(1).**

4.E Affordability - District-wide Affordability target. For SGZDs only, identify the provisions of the SGZ that ensure the total number of Affordable units constructed in the District equals not less than twenty percent (20%) of the total number of all units constructed within Projects in the District: **§220-8.9E.(1).**

The following questions refer to the SGZ/SHZ attached as Attachment 4-1, or the [Design Standards](#) attached as Attachment 4-3.

40R District Application – Preliminary Determination of Eligibility

4.G Categories of Project; Plan Approval Authority. Does the SGZ/SHZ provide for [Plan Review](#) of Projects within the District (yes ☒ no ☐)?

If yes, who is the [Plan Approval Authority](#): **Newly formed committee/board with one (1) member from each of the Planning Board, Zoning Board of Appeals, Conservation Commission, Affordable Housing Trust, and Economic Development Committee.**

4.H Design Standards. Does the SGZ/SHZ contain Design Standards (yes ☒ no ☐)?

If no, have separate Design Standards been promulgated or drafted (yes ☐ no ☐)?

If yes, attach a copy as Attachment 4-3.

Have these Design Standards been previously applied to Affordable or mixed-income residential development in the community (for example, through the Underlying Zoning) (yes ☐ no ☒)?

If yes, briefly identify the project(s) that have been approved using these standards:

_____.

Describe how the Municipality will ensure that its Design Standards will not [Unreasonably Impair](#) the development of Projects in the District: **The design standards in the SGZ are broad in nature and nothing specific enough to unreasonably impair the development is within the proposed SGZ.**

4.I Waivers. Does the SGZ/SHZ allow the Plan Approval Authority, through the Plan Review process, to waive specific dimensional and other standards (other than Affordability requirements) otherwise applicable to a Project (yes ☒ no ☐)?

4.J Phased Project Reviews. Does the SGZ/SHZ permit the Plan Review approvals of proposed Projects to be phased for the purpose of coordinating development with the construction of [Planned Infrastructure](#) upgrades that are identified in the application (yes ☒ no ☐)? or that are required to mitigate any extraordinary adverse Project impacts on neighboring properties (yes ☒ no ☐)?

For Projects that are approved and developed in phases, identify the provisions of the SGZ/SHZ requiring that the percentage of Affordable units in each such phase is no less than the minimum percentage required for the Project as a whole: **§220-8.9J(4).**

4.K Additional Municipal Standards. (For Starter Home Zoning Districts only) Will any [Additional Municipal Standards](#) apply to development that proceeds under the Starter Home Zoning (yes ☐ no ☐)? If yes, include copies of the Additional Municipal Standards as Attachment 4-4, together with one of the following, as applicable, as Attachment 4-5:

40R District Application – Preliminary Determination of Eligibility

1. A Developer Certificate of Feasibility with respect to Additional Municipal Standards; or
2. Documentation demonstrating that such Additional Municipal Standards do not [Render Development Infeasible](#), certified by a Municipal official, civil engineer or other individual with appropriate expertise to evaluate and opine as to the feasibility of such development; or
3. Documentation substantiating the circumstances the Municipality asserts warrant the imposition of Additional Municipal Standards on development under the Starter Home Zoning in the proposed District, which shall be certified by a Municipal engineer or by a public works, board of health or conservation commission official with relevant expertise, unless otherwise substantiated in accordance with guidance issued by DHCD.

5. HOUSING PLAN REQUIREMENT

Subject to the requirements below, the housing plan requirement can generally be satisfied with a current [Comprehensive Housing Plan](#) (or acceptable equivalent) or current (i.e., approved by DHCD within the past 5 years) [Housing Production Plan](#). DHCD has active Housing Production Plans on file, so there is no need to resubmit such plans. Comprehensive Housing Plans (or equivalent plans) should be attached as Attachment 5-1. Municipalities that do not have such plans can fulfill the housing plan application requirement by completing a [Housing Production Summary](#). While any municipality can submit a Housing Production Summary, submission is only necessary and considered for the purposes of satisfying the housing plan requirement if the municipality does not have valid Comprehensive Housing Plan (or acceptable equivalent plan) or Housing Production Plan.

For Comprehensive Housing Plans or equivalent municipal plans, please confirm the following plan components:

☐ Housing needs within the Municipality (including the needs of households in protected classes). If covered, where in the plan can this be found: **Housing Production Plan Executive Summary Item H, page 4; and Section III Housing Goals and Objectives, page 37.**

☐ Housing Strategies (including strategies for the development of housing that serves and provides housing choice for those in protected classes): If covered, where in the plan can this be found: _____

For Housing Production Plans, Comprehensive Housing Plans or equivalent municipal plans, please confirm the following plan components:

40R District Application – Preliminary Determination of Eligibility

☐ An explanation of how the proposed SGZ/SHZ will allow for the development of housing which is appropriate for a diverse population. If covered, where in the plan can this be found: **Not covered in Plan**

If any these components are not covered in the submitted plan, please provide an addendum to the plan that addresses the missing component(s) and attach as Attachment 5-2.

M.G.L. c. 40R additionally requires that the plan that summarize the Existing Zoned Units, Future Zoned Units, and Incentive Units of the proposed Smart Growth Zoning District. Because many otherwise valid housing plans will not contain this level of specificity and because certain figures/information provided in the application may be revised in the course of DHCD preliminary determination of eligibility, as part of any Final or Conditional Approval of an adopted District, the municipality will need to submit evidence that its housing plan has been amended to incorporate the preliminarily-approved SGZ/SHZ and the corresponding application for preliminary determination of eligibility, as ultimately accepted and approved by DHCD.

6. LOCAL PUBLIC NOTICE AND HEARING

6.A **Public Hearing.** Did the chief executive of the Municipality or designee hold a public hearing on the application as submitted to DHCD (including the draft SGZ/SHZ) for a preliminary determination of eligibility for the proposed Smart Growth District (yes X no)?

If yes, attach copies of the notice of the hearing as Attachment 6-1. (note: this hearing should not be confused with or seen as a substitute for hearings that are otherwise required as part of the local zoning adoption process which should commence after DHCD has issued a Letter of Eligibility)

6.B **Public Comments.** Attach copies of any written comments received by the Municipality on the proposed SGZ/SHZ and the District, including any letters of support/concern issued by the planning board, board of health, conservation commission, or other interested parties, as Attachment 6-2.

Attach any transcript or a summary of any oral comments received by the Municipality at the public hearing as Attachment 6-3.

Summarize briefly any modifications that were made in the proposed SGZ/SHZ or other documents in response to the comments received: ,

7. INFRASTRUCTURE IMPACTS AND UPGRADES

40R District Application – Preliminary Determination of Eligibility

In order for a proposed District to ultimately receive Final (vs. Conditional) Approval and qualify for all or a portion, as applicable, of any corresponding Zoning Incentive Payment, the Municipality must document and certify that the impacts of Future Zoned Units within the District will not over burden transportation, water, public and/or private wastewater systems, and other relevant Infrastructure, as it exists or may be practicably upgraded. The purpose of this requirement is both to ensure consistency with Smart Growth principles by supporting growth in areas with sufficient existing or Planned Infrastructure and to ensure that any required Infrastructure that does exist or is insufficient and cannot be practicably upgraded is identified and addressed before the Department issues any associated Zoning Incentive Payment(s).

The attachment must be certified by a municipal engineer or public works official.

Home Zoning to utilize Low Impact Development Techniques and to include features that encourage walking within Starter Home Projects; or

4. a location, not otherwise eligible to be a Highly Suitable Location, where residential or Mixed-use Development would nonetheless promote Smart Growth, as demonstrated by the Municipality through documentation satisfactory to DHCD, demonstrating the degree to which:
