- Other Business –

Questions have come up pertaining to the goats on the property across from the Middle School. It appears there are goats on that property, has there been a special permit issued to that resident. The question has been asked if that is an appropriate amount of space to accommodate the amount of animals there. The Ag. Com. will wait for a formal complaint on this matter before contacting building inspector.

The Ag. Com. will send Steve a thank you letter, Sue will send out a draft to be approved right away.

Dave will contact Farm Bureau in reference to HB689.

7:15 p.m. Grant Discussion/Work Plan – Maria stated we have 3 years to spend the money. We need to come up with some ideas, since there will no longer be a farmers market.

7:45 p.m. Discuss 61A changes for 2017 – defer to next meeting.

8:00 p.m. Adjourned
