RE: Proposed Goodridge Brook Estates 40B development project

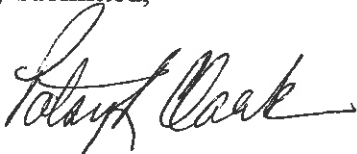

Dear Sirs:

I am writing to express my views on the Proposed Goodridge Brook Estates 40B development project. The project as proposed should not be built for the following reasons:

1. Increases demand on water supply.
2. Increases demand on public schools.
3. Damage to forest and wetlands.
4. Increases tax burden.
5. Increases traffic congestion.

The project as proposed is unfair to my fellow tax paying owners living adjacent and in proximity to the development. Please stop the project.

Respectfully submitted,

Patsy R. Clark and
Erwin L. Clark
