**2. 13 Neck Rd. Comprehensive Permit Application**

The Chair read the permit application. Attorney Alphen from Blatman, Bobrowski, Haverty & Silverstein of Concord Mass made an introduction to the project. The next speaker was XXXX from XXXXX. He presented the project, including the storm water management and landscape plans. He presented the entire project in illustration on Zoom.

XXXX XXXX from Harvard Mass presented next. He had a presentation of the project from an architectural perspective.

Chris XXXX talked next. He summarized what needed to be done next. He was looking for recommendations from the Board for the type of traffic review. He looked for comments and questions from the Board and the Public. Member Rich asked about the number of bedrooms. Mr. XXXX answered that along with letting the Board know that he was going to meet with other departments and police town including the Fire, Board of Health. The Chair said they would get back to them with the recommendation for traffic study. The applicant and the Board talked in detail about the reviews and how to get recommendations as quickly as possible. Mr. Keating read an email from Chief Moody that contained questions about the parking in the snow for safety concerns.

Chief Hanson asked if there were any questions concerning fire related issues. The Chair responded saying it was too early for that. The Board was going to send all material directly to Chief Hanson. Member Rich made a motion that the board authorize the town through the town administrator to engage in peer review of the project and traffic engineering. Member Hubbard seconded the motion. The Chair asked for any discussion. Hearing none, the Chair called for a roll call vote:
