

HOMEBOUND Vaccination List

In order to assure that as many residents receive COVID-19 vaccinations as is possible, given the limited current supply, we are asking all **homebound** residents to contact the Lancaster Board of Health for placement on a vaccination list in anticipation of vaccine availability in the near future.

If you are **homebound** or have a family member living in Lancaster that is **homebound**, please call **978-612-1999** to be placed on this list.

Please be ready to leave full name, phone number, address and email information.

Thank you, Lancaster Board of Health
