Less lethal weapons will be reviewed by an instructor trained or certified in the use of the general weapons type, who shall review the weapon specifications and consider at a minimum, the quality of manufacture, reliability, and effectiveness of the weapon.

Where no employee is trained or certified in the use of a new weapon type, it may be researched by an individual or committee as determined by the Chief.

Any personal weapon that an employee carries on his/her person while off-duty for the purpose of protection or to enable him/her to take action as a police officer (especially a firearm carried by an officer to and from an assigned tour of duty) will be considered an off-duty weapon.

Firearms carried off duty for sporting purposes shall not be considered off duty weapons.

Only employees qualified in the use of department authorized off-duty weapons may carry such weapons. [1.3.10]

Any employee who has not qualified with his/her approved off-duty weapon shall not be indemnified by the department for any use of such weapon until such time as the employee has qualified. A sworn officer may, however, carry his/her service firearm while off duty (if [s]he has qualified with it). This does not apply to sporting firearms.

2. APPROVAL OF PERSONAL AND/OR OFF DUTY WEAPONS

All personal weapons considered for use by department employees must be approved by the chief of police.

Weapons already approved (make/model) do not need to be reviewed by a department armorer or instructor.

Less lethal weapons will be reviewed by an instructor trained or certified in the use of the general weapons type. The reviewing official shall review the weapon specifications and consider at a minimum, the quality of manufacture, reliability, and effectiveness of the weapon.

The Chief of Police shall make the final determination.

If accepted, the armorer or weapons instructor shall up date the roster of approved weapons to include the newly included weapon and/or ammunition.

All other less lethal weapons; and

Weaponless control techniques.

Qualification requirements shall meet or exceed the minimum standards established by the Massachusetts Municipal Police Training Council (MPTC).

2. No member of this Department will be authorized to be armed with any weapon until [s]he has been issued a copy of the department's **Use of Force** policy, received instruction and successfully passed a written examination on same. Use of force refresher training shall be conducted at least annually. [1.3.11]
3. Training and qualifications shall be monitored under the direction of a certified instructor for the weapon being qualified with. [1.3.11(a)]
4. Employees who fail to qualify with a weapon shall not be authorized to be armed with that weapon. The employee will receive additional instruction and will be given a reasonable opportunity to qualify. An employee may be assigned to administrative duty, if available, or placed on an unpaid leave of absence during the time that they are not qualified to be armed. [1.3.11(c)]
5. When new employees receive initial training on a weapon, or when veteran employees receive training on a new weapon, they shall be provided with and receive training on the department **Use of Force** policy as well as policies relating to the carrying and use of that weapon.[1.3.12]
6. Weapons training, proficiency results, issuance of **Use of Force** policy, and accompanying examination results shall be documented by the instructor.
7. New personnel must qualify with any weapons they are to be armed with prior to being authorized to use that weapon in the field.

D. Firearms

1. TRAINING AND QUALIFICATION: [1.3.11]

No member of this Department will be authorized to be armed with a firearm until [s]he has been issued a copy of the department's **Use of Force** policy.

All personnel authorized to use or carry firearms in the performance of their duties are responsible for maintaining a degree of proficiency in the use and handling of the firearms that they are authorized to use.

New personnel must qualify with any firearms they are to be armed with prior to being authorized to use that firearm in the field.

Qualification shall include an inspection, conducted by a department armorer or firearms instructor, of the firearm to be qualified with to ensure that it is in good working condition. Unsafe or defective firearms will be removed from service.

At a minimum, personnel must qualify on a qualification course approved by the Massachusetts Police Training Committee at least twice each year and obtain a passing score.

2. FAILURE TO QUALIFY

In the event an employee fails to qualify with a firearm, the employee will lose the authority to be armed with that firearm for other than training purposes. The employee may continue to be armed with firearms with which they remain qualified.

The firearms instructor for whom the employee failed to qualify shall notify the Chief of Police both verbally and in writing, who will suspend the employee's authority to be armed with that firearm.

If the employee fails to qualify with their primary duty firearm, the employee may be temporarily re-assigned to another position within the agency where being armed with that firearm is not required (if such position exists within the agency) or placed on administrative leave.

The employee will receive remedial training in the use of the firearm. When the employee passes qualification, the employee may be authorized to be armed with the firearm.

Any employee who fails to qualify with a firearm after remedial training will be subject to being reevaluated as to their fitness to continue to perform their duties.

Any sworn officer who, after remedial training has still failed to qualify with their primary duty firearm will be subject to reevaluation as to their fitness to continue to perform the duties of a police officer.

3. OFF DUTY FIREARMS

Under Massachusetts General Laws, a police officer is authorized to carry an issued or authorized firearm at all times when on duty and may carry such firearm while off duty within the Commonwealth of Massachusetts.¹ [1.2.2]

An officer may have to activate him/herself during off-duty situations where there is a need to draw a personal firearm and the possibility exists to use such weapon. Upon self activation, the officer's actions are guided by all Departmental rules and regulations, hence there is a need to show familiarization with any personal firearm which is carried while off-duty.

Members of the Department who are licensed to carry firearms pursuant to M.G.L. c. 140, § 131 and who may act in the capacity as a law enforcement officer while off duty, armed with a personal firearm must be qualified with that firearm on at least an annual basis. Qualification may be fired during regular qualification times and employees shall provide their own ammunition.

All ammunition carried in an approved off-duty weapon must be of a type approved by the department.

Carrying Firearms Outside of Massachusetts

Many states have statutory exemptions from laws prohibiting the carrying or possession of firearms for law enforcement officers in the performance of their official duties.

Officers may obtain non-resident concealed weapons permits from other states.

While the Commonwealth of Massachusetts does not recognize as valid, permits from any other state, some states will honor Massachusetts License to Carry Firearms. Alaska, Arizona, Idaho, Indiana, Kentucky, Michigan, Missouri, Montana, Oklahoma, South Dakota, Tennessee, Texas, Utah, and Vermont.²

The National Concealed Carry for Cops legislation, better known as HR 218 which was signed into law in 2004 allows active and retired police officers to carry firearms provided they meet the criteria below. Officers may carry concealed firearms generally, but are still subject to other state restrictions and local ordinances. Officers who carry concealed firearms under this statute:

- Must have a current department ID;

- Must be authorized to carry a firearm by their agency in the performance of their duties;

- Must not be subject to any disciplinary action by the department;

- Must have met department firearms qualification standards;

- Must not be under the influence of drugs or alcohol; and

- Must not be prohibited by general law.

4. CARE AND CONDITIONS OF FIREARMS

Officers are responsible for keeping their issued weapons clean and in good working order. A weapon which malfunctions shall be returned to the department Armorer forthwith.

No employee shall not alter or modify his/her firearm or ammunition in any way without the express permission of the Chief of Police.

Firearms assigned to vehicles must be removed and properly stored prior to the vehicle being sent out for maintenance.

6. FIREARMS STORAGE [1.3.9(F)]

Firearms not under an officer's direct control must be secured in a locked container or equipped with an approved trigger lock.³

Firearms issued to an individual employee, when stored at the police department must be stored in a locked, designated arms locker, locked employee locker, locked desk or locked file cabinet.

Firearms that are not issued to an individual employee, when stored at the police department, must be stored in a designated arms locker or rack. The firearm must be unloaded with the magazine, if any, removed.

Firearms assigned to vehicles shall be stored in a locked, rack or locked, secure container approved for use by the Police Chief.

Rifles and shotguns left unattended in a vehicle for an operation should be locked in the vehicles trunk.

7. HANDLING FIREARMS

Drawing or displaying: An officer shall avoid the unnecessary display of firearms and not draw a firearm except when there is justification for its use to accomplish a proper police purpose.

In responding to any potentially dangerous situation (e.g., searching a building pursuant to a burglar alarm or approaching a business establishment on a report of a robbery in progress etc.) the officer may carry a firearm in a position that will facilitate its speedy, effective, and safe use.

Officers shall not point firearms at persons in circumstances which are clearly unjustifiable.

E. Special Weapons

1. SPECIAL WEAPONS GENERALLY

All special weapons and ammunition authorized for use by department employees shall be listed in Appendix A of this policy.

If the Chief of Police authorizes special weapons, such as shotguns, to be carried in the police vehicle on routine patrol, all members of the department should be qualified in the use of the authorized special weapon. Failure to qualify with a special weapon does not necessarily exclude an employee performing duties without that weapon. The determination may be made by the Chief.

When not assigned to a vehicle, special weapons will only be issued, with the knowledge and permission of the officer-in-charge of the police station, to employees who have qualified with them.

A listing of all officers who have qualified with each special weapon will be maintained by Firearms Instructors of this department.

Special weapons may be selectively issued by the officer-in-charge of the police station if, in his/her opinion, they are necessary to ensure the safety and effectiveness of police operations. Officers armed with special weapons in such circumstances shall use those weapons in accordance with the provisions of applicable departmental policies and procedures as well as any additional guidelines issued at the time.

Prior to issuing any special weapon, the officer-in-charge of the police station may inquire of any officer to whom [s]he intends to issue the weapon whether or not that officer is currently qualified in its use. It is the responsibility of a police officer not to accept a special weapon unless [s]he is qualified in its use.

2. CHEMICAL WEAPONS

Pepper Spray up to 10% is authorized for use by employees trained in its use and **[shall/may]** be carried and used by those employees.

Less lethal shotguns shall be stored with an empty chamber and magazine. Each round of kinetic energy ammunition must be inspected by the user prior to being inserted into the weapon to ensure that it is not conventional shotgun

ammunition. If the weapon is handed to another user, it must be unloaded and the ammunition inspected by the new user.

Employees must be qualified in the use of the shotgun as well as the kinetic energy ammunition prior to its use.
